## INTERNSHIPS/WORK EXPERIENCE

### Vigo Technoworld Pvt.Ltd

December 2023 - Present

#### Full Stack Developer

- Actively participating in a comprehensive program covering both frontend and backend.
- Gained expertise in HTML, CSS, JavaScript, and ReactJS, enabling the creation of dynamic and responsive user interfaces.
- Acquired a strong foundation in Core Java, essential for building platform-independent applications.
- Currently enhancing skills in Advanced Java, focusing on complex concepts such as Spring Boot, Hibernate, Spring Boot MVC, Microservices, etc.

### Exposys Data Lab

October 2022 – November 2022

#### Web Developer Intern

- Spearheaded the design and implementation of a responsive website as a key project during the internship.
- Demonstrated self-motivation and application of learned skills by delivering the project successfully within the designated timeframe.

## SKILLS SUMMARY

- Languages:** Java, JavaScript (ES6+), TypeScript, SQL, C, C++, HTML5, CSS3
- Frameworks:** Spring, Spring Boot, Hibernate, Servlet, JSP, JDBC, ReactJS, Tailwind CSS, Bootstrap, MUI
- Databases:** MySQL, MongoDB
- Tools:** Git, Maven, Postman
- Web Technologies:** RESTful APIs, JSON
- Platforms/IDEs:** Visual Studio Code, IntelliJ IDEA, Notepad++, Eclipse, GitHub, Figma
- Operating System:** Windows, Linux
- Soft Skills:** Problem-solving, Excellent communication, Time management, Adaptability

## PROJECTS

### Jobify: A Job Portal

August 2024 – September 2024

- Description:** Jobify is a dynamic job portal connecting job seekers with career opportunities and enabling employers to find top talent. With intuitive features and a mobile-friendly design, it simplifies job searching and hiring.
- Technology Used:** HTML, CSS, Tailwind CSS, JavaScript, React.js, Redux, Java, Spring, Spring Boot, Hibernate, MongoDB.
- Responsibilities:** My responsibilities included developing and integrating RESTful APIs for seamless backend-to-frontend communication, fetching and managing data on the frontend, and building reusable, responsive UI components.

### Medication Reminder App: A Medication Management Application

October 2024 – November 2024

- Description:** The Medication Reminder App is a comprehensive solution designed to help users manage their medication schedules effectively. It provides a user-friendly interface for users to add, view, and acknowledge their medications, while admins can oversee and manage acknowledgment logs.
- Technology Used:** Node.js, Express, MySQL, React.js, JavaScript, Tailwind CSS.
- Responsibilities:** My responsibilities included developing and integrating RESTful APIs for seamless backend-to-frontend communication, implementing user authentication and medication management features, and building responsive, reusable UI components for an intuitive user experience.

## EDUCATION

### G.H. Rasoni University, Amravati

June 2023

Master of Computer Application; GPA: 9.22

### Prerna College of Commerce, Nagpur

August 2021

Bachelor of Computer Application; Percentage: 81.3%
